Policy statement

This policy aims to ensure that candidates understand the fees charges and tuition assurance available when undertaking the Graduate Certificate in Internal Auditing with the IIA-Australia.

It also establishes:

- ❖ the rules on the charging of fees for candidate admission and enrolment and for the refund of course-related fees
- ❖ the terms and conditions associated with fees and refunds, to which candidate agree when accepting an offer from IIA-Australia.

Tuition assurance

The IIA-Australia is a member of the TAFE Directors Australia (TDA) Tuition Assurance Scheme (Higher Education)(TAS). This is an approved scheme under the Higher Education Support Act 2003 and is underwritten by QBE Insurance (Australia) Ltd.

The Graduate Certificate in Internal Auditing is registered under this scheme.

If IIA-Australia ceases to provide the GradCertIA, eligible students can use the Tuition Assurance Scheme to either:

> complete their course of study by enrolling in a similar course of study with another higher education provider, leading to the same or a comparable qualification, and receive full credit for any successfully completed units of study, without paying any tuition fee for the replacement units undertaken with the Second Provider nor be required to request Commonwealth assistance in relation to any replacement unit; or

> obtain from the TDA a refund of tuition fees already paid for units of their course of study which they have not completed at the time The Institute of Internal Auditors ceased to provide that course of study.

Membership

By enrolling in a module of the GradCertIA, candidates who are not current financial members will automatically be registered as a 'GradCertIA non-member' of IIA-Australia for the duration of their candidature and receive access to all necessary resources for the program.

Fees for GradCertIA

The fee for each module of the Graduate Certificate in Internal Auditing is published on the IIA-Australia website www.iaa.org.au Fees must be paid in full on enrolment. The enrolment period commences eight weeks before the module commencement date.

Late enrolment fee

A late enrolment may be accepted by the Registrar with a fee. The fee is published on the IIA-Australia website.

Goods and Service Tax (GST)

Education fees do not attract the Australian Goods and Services Tax.

Special consideration

Deferrals and refunds

Candidates wishing to defer their candidature must apply to the Registrar. Applications must be in the form of a statutory declaration setting out the circumstances they wish to have considered according to the special consideration criteria (refer definitions above) with supporting evidence attached.

If the Registrar receives the application:

- ❖ prior to the start of semester and confirms in writing that 'special consideration' has been approved, the candidate is able to defer (fees will be held in credit for 12 months then forfeited)
- ❖ once the semester starts and up to Week 4, and confirms in writing that 'special consideration' has been approved, the candidate is able to defer (in this instance 20% of the module fee will be deducted and the balance held in credit for 12 months then forfeited)
- ❖ after Week 4 and up to week 8, and confirms in writing that 'special consideration' has been approved, the candidate is able to defer (in this instance 50% of the module fee will be deducted and the balance held in credit for 12 months then forfeited).
- ❖ After week 8 no deferrals are possible. No fees will be refunded.

Withdrawals and refunds

Candidates wishing to withdraw their candidature must apply to the Registrar. Applications must be in the form of statutory declaration setting out the circumstances they wish to have considered according to the special consideration criteria (refer definitions above) with supporting evidence attached.

If the Registrar receives the application:

- ❖ prior to the start of semester and confirms in writing that 'special consideration' has been approved, the candidate is able to withdraw (fees will be refunded less 10%)
- ❖ once the semester starts and up to Week 4, and confirms in writing that 'special consideration' has been approved, the candidate is able to withdraw (fees will be refunded less 30%)
- ❖ after Week 4 but before Week 8, and confirms in writing that 'special consideration' has been approved, the candidate is able to withdraw (fees will be refunded less 60%)
- ❖ after Week 8, no fees will be refunded.

Withdrawals will be received up to the major assignment due date. If a request for withdrawal is not made by this date, a case for special consideration must be lodged within 10 working days or the student will receive a fail grade.

Special consideration not met

If special consideration for deferment or withdrawal is not met, the Registrar will advise in writing the outcome of the candidate's application.

If confirmed prior to the module commencing the Module fee will be refunded less 40%.
